

Westar Energy crews prepare to assist with restoration efforts as a winter storm hits Oklahoma.

Topeka, Kan., Dec. 5, 2013 — As a winter storm bears down on Oklahoma, Westar Energy is responding to a call for help from OGE Energy Corp. to assist with anticipated power outages and damage caused by the winter blast.

Gathered from all over our service territory, 32 crew members, as well as 9 support personnel, will initially head to Muskogee, Okla. on Friday morning, Dec. 6. The crews will report back regularly and Westar will provide updates on Facebook and Twitter to let friends and family know how things are progressing and when our crews will return home.

Westar Energy is a member of the Midwest Mutual Assistance Group, which makes it possible for us to call upon neighboring utilities and their contractors for help restore service following a significant event such as a severe storm. In return, we assist neighboring utilities when they are in need. In the event of catastrophic damage utilities reach out for assistance from across the nation.

Westar Energy, Inc. (NYSE: WR) is Kansas' largest electric utility. For more than a century, we have provided Kansans the safe, reliable electricity needed to power their businesses and homes. Every day our team of professionals takes on projects to generate and deliver electricity, protect the environment and provide excellent service to our nearly 700,000 customers. Westar has 7,200 MW of electric generation capacity fueled by coal, uranium, natural gas, wind and landfill gas. We are also a leader in electric transmission in Kansas. Our innovative customer service programs include mobile-enabled customer care, a smart meter pilot project and paving the way for electric vehicle adoption. Our employees live, volunteer and work in the communities we serve.
